We Understand Gondola Shelving

GONDOLA SHELVING

Steel Gondola Shelving is the cornerstone of retail merchandising and Midwest Retail Services are your gondola shelving experts. Do you need help with what sizes work best for your retail industry? Do you help with what sizes works best to scale your expansion plans efficiently? How about the simple question of: 'What shelving brand is in my store?'

Midwest Retail Services is a multi-line gondola shelving partner with hands on experience and extensive knowledge of the industry, both past and present. Retail needs continue to shift and evolve over time and you want an expert with a knowledge of the current landscape to help guide your business to success. Why trust your success to anyone but the experts?

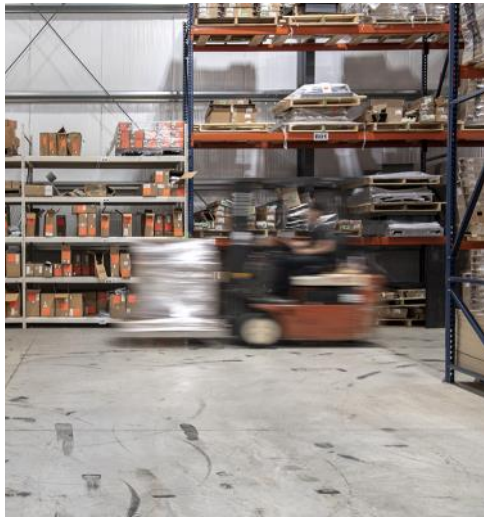

Creating a Custom Fixture is Easier than You Think

CUSTOM FIXTURE SOLUTIONS

Sometimes the standard in-the-box ideas simply won't due. While catalog fixtures can work well at times, that is not always the answer to what you are looking for. Why settle for a fixture that does not maximize your product sales? Midwest Retail Services can guide your through the process from start to finish. We can design, manufacture, and distribute a solution that truly fits your needs best. As a matter of fact, we often save our customer's money in the process. Why do it any other way? If you are having trouble with a new display fixture or a merchandising accessory, we can help you find the your right solution.

We Manage the Fixtures So You Don't Have To

ROLL OUTS

Multi-store distribution is a Midwest Retail Services core service. Retailers with large store counts may want to take advantage of bulk buying opportunities or use their budget dollars up front. We are here to help with direct store distributions. Our customers are maximizing efficiency at stores while minimizing cost and material waste.

How many phone calls and emails do you make? Many retailers juggle multiple vendors for new store openings and resets. Midwest Retail Services can consolidate those relationships, react to changing delivery dates, and reduce shipping costs.

Bring us your challenges and see how streamlined the process can become.

No One Likes Messy Shelves

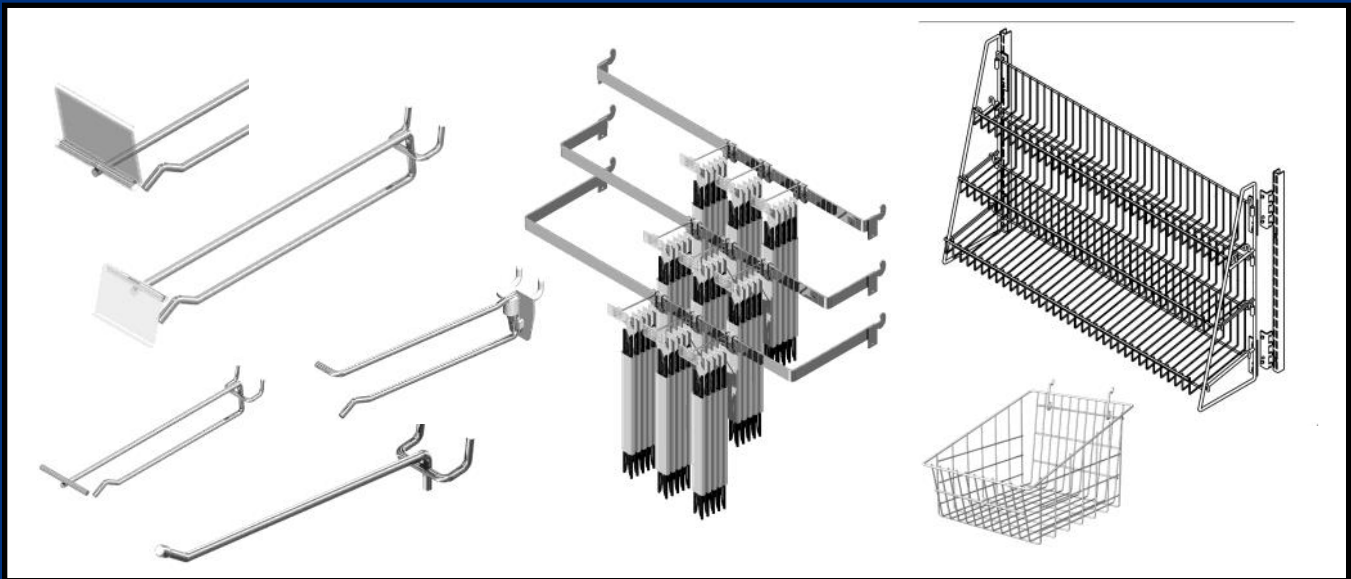

SHELF MANAGEMENT

A customer's first impression of your store can have a lasting impact and clean aisles with neatly organized merchandise provide a seamless shopping experience. Do you have merchandise haphazardly placed on shelves? Do associates spend most of their time arranging products on your shelves? Want to reduce labor costs? This can be easily achieved by incorporating proper shelf management techniques. Utilize product pushers and pusher trays to keep your merchandise front facing at all times. Shelf dividers and fencing ensure that products stay grouped on your shelves and reduce the time your employees spend on in store merchandising.

Regardless of the brand of shelving you have, including Lozier, Madix, Streater, MEG, and others, we have the retail shelf accessories to make your merchandise displays shine.

Accessories that Make Your Merchandise Pop

GONDOLA MERCHANDISING ACCESSORIES

Finding the right accessory fixture to highlight your merchandise is the difference between a sale and no sale. Customers can be picky and how your products are displayed does make a difference. Peg hooks or Scan Hooks? Pegboard won't work for your merchandise, how about crossbars? Would wire baskets organize loose items for a better presentation?

Bring your merchandising challenges to us. There are hundreds of options available. The experts at Midwest Retail Services can help you find the right fixtures that make your shelves ready to shop and boost sales.

What's Your Sign? Have You Seen the Light?

SIGN HOLDERS & SHELF MOUNTED LIGHTING

Properly located signage will help your customers find the products they need. Magnetic Sign Holders attach to the top of gondolas place signs in the line of site of shoppers. Category signs on end caps and header signs help direct shoppers to your merchandise for purchase.

It is hard to buy what you can't see. It is proven that shelf mounted lighting draw customers to products. Whether it is an overhead canopy or a specific product group, LED lighting makes merchandise pop. Many current lighting systems do not require an electrician to install and reset, it is simple as plugging into the closest power outlet.

Opening a Pharmacy?

PHARMACY SHELVING

There are a many decisions in opening a pharmacy, Midwest Retail Services has the expertise to help eliminate many of those headaches. What fixtures will work best for my operation? What is the best floorplan for day in and day out labor efficiency? How can I capture the most OTC dollars in more store? We can help you every step of the way. Don't even know what questions to ask? No worries, we can help. Contact us to open the door to your new pharmacy.
